Hospice Garden Party. Wilton House, On the 16th August, members are invited to attend this event but entry to exhibitors is by pass only due to new estate security arrangements, please contact Pete Parrish as soon as possible if you would like to attend and he will arrange your pass and issue any further entry details. Coal and water will be supplied for exhibitors. (no pass no entry!)

A Club member volunteer is required to help Pete Parrish steward the club display and visiting engines at the Durrington Village Show and Classic Vehicle Gathering on the 19th July, duties only involve the tidy parking of steam exhibitor's vehicle, maintaining the water supply from the on site fire engine and readying steam exhibitors for the arena parade.

Your help would be very much appreciated, for further details please contact the editor

From the Chairman

First a photo taken of me when I had my first chance to steer an engine in the grand parade at the 1956 Andover Steam at Finchley Farm(I was only 10 years old) the engine is 5 ton Burrell Gold Medal Showman's Tractor No3868" The Russell Baby" later renamed Island Prince. This must have been my first love for Burrell's, my third model engine that I built was a copy of this engine.

Well I have got back into my retirement project 2" scale Scenic Burrell Showman's No 3909 Winston Churchill of which I may rename it Pride of the Road as this is the name it carried prior to 1950. I have just finished most of the cylinder block machining and now I am about to start on all the motion rods , Cheers Pete.

PS Those club members wishing to attend Wilton House Steam Party on the 16th August please ring me (no pass no entry), also lets is if we can have a good turn out on the 31st at Newton Tony , this is open to non members as well!
